Phil,

I only have two additional comments (additional to the Railroad Commission and EPA e-mail traffic of today).

- 1) Is there a need to sample for and established background? If so, such should be determined and added to the plan.
- 2) The plan does not mention sampling or risk-based screening etc. for surface water or sediments of Duck Pond. I suspect those should be included in all current and future efforts for the site.

Thanks!

Phil

Phillip,

I am sending you a copy of Superior's work plan and a copy of RRC's response to the work plan.

Last time we spoke you mentioned that you wanted this information.

Thanks,
